

I am requesting to fund the Election Coordinator position 1000.0109.1001. This position was originally created in 2015. In October 2021 the election coordinator that we hired requested to work part-time and has done so up to accepting a position with the Secretary of State's office.

It is anticipated that the City of Conway will call a special election for November 18, 2025. It is critical that we have someone in this position that will be able to fill the role of the election coordinator immediately and to be able to continue through the 2026 election cycles, and of course, thereafter!

I currently have a full-time employee that has experience that is willing to accept the position if the full-time position is funded.

I am requesting that the position salary be set at \$58,000.00, which aligns with other counties of our size.

Setting the position salary is all that is required at this time. The funding for the full-time position will be a transfer of part-time salaries to the offsetting line items necessary for the full-time position. No new money will be needed for this year.

<u>Garland County</u>	<u>\$58,656.00</u>
